

Commercial HVAC – Field Service Technician

Compensation: Competitive, Based on Experience

Benefits offered: Medical, Dental, Vision, 401K, Vacation/Sick Time, Paid Holidays

Employment: Full- Time (40 hours/week plus frequent opportunity for overtime)

We are seeking an HVAC Field Service Technician to become an integral part of our growing, dynamic team! Advanced Thermal Solutions, LLC is a HVAC manufacturers' representative with steady growth since formed in 2002. This position offers opportunities for professional growth through training at our manufacturers' factories, our facility and in the field. If you are looking for a career and not just a job you may be a good fit for our company.

Responsibilities:

- Perform factory certified start-up services on variable frequency drives, humidifiers, energy recovery wheels
- Troubleshoot problems with customer equipment, controls and/or connected loads
- Effectively communicate in a timely manner with contractors, owners, and office staff
- Show initiative and willingness to learn and solve problems for the benefit of the customer
- Be honest, punctual, courteous and maintain a positive, customer-oriented attitude
- Must have a strong desire to always work in a safer manner

Qualifications:

- 1-5 years of experience with electrical and mechanical systems (HVAC preferred)
- Previous experience with three phase power (under 600V)
- Familiarity with Building Automation Systems (BAS)
- Excellent root cause analysis and troubleshooting skills
- Ability to work well in teams
- Strong problem solving and critical thinking skills

About Advanced Thermal Solutions, LLC:

Serving Washington DC, Northern Virginia, and Maryland, Advanced Thermal Solutions is an HVAC manufacturers' representative committed to providing quality service and innovative solutions to engineers, contractors and owners. Our success is a testament to putting our customers first.
